# Research Report Resources

### Purdue Online Writing Lab (OWL)

https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/general_format.html

The Purdue OWL is an **excellent** resource for learning APA style.  The OWL contains easy-to-follow instructions and dozens of examples for how to properly format your paper in APA style, include proper APA-style citations, properly report statistics, properly format Tables and Figures, and create a reference list.  **ALL** papers that you turn in over the course of the semester must follow APA style.  Your final research report should be formatted identically to the APA Sample Paper hosted on the OWL.
